"Safe Farming Program" for Coffee County Farmers Is Outlined by Agricultural Extension Workers; Co-operation Is Needed

The following "safe farming program" is recommended by the Co-operative Extension Work in Agriculture and Home Economics, U. S. Department of Agriculture and State Land Grant Colleges, cooperating:

Farm Crops.

We recommend 10 acres of corn, 10 acres of cotton and 10 acres of peanuts per plow. On special cotton land preference should be given cotton as a cash crop, and on special peanut land that does not grow cotton as a rule successfully plant major cash crop in peanuts, however some cotton should be grown on every farm and it should be fertilized high. Use only good wilt resistant seed.

Fertilizers.

We recommend for cotton a home mixture of 400 pounds acid phosphate, 50 pounds nitrate of soda and 100 pounds muriate of potash, all mixed and applied at planting, to be followed with 150 pounds nitrate of soda as side dressing when cotton is chopped.

We recommend for corn 100 pounds nitrate of soda when corn is knee high.

We recommend for peanuts 200 pounds acid phosphate at planting time.

Garden and Truck Patches. Every well balanced farm program carries with it a few acres planted to garden vegetables, cane, sweet potatoes, orchards, etc. These crops pay handsome dividends and comprise the essential necessities of every day life. Sweet potatoes is one of the best cash crops that can be grown in our country and every farm should have at least 1 acre in this crop. A small curing house may be cheaply built of rough lumber and building paper which will house a thousand bushels of potatoes that will keep sound till early fall.

When good prices are always paid for this product in the market.

Summer and Winter Legumes. We recommend planting velvet beans on every acre in corn to build up the land and furnish winter grazing for livestock.

We recommend hairy vetch for peanut and cotton fields to be sown about October 1st to serve as a winter cover crop and soil builder. Vetch on land for the second year will also furnish excellent grazing if seed are mixed with oats.

Livestock and Pastures. We recommend special attention to the farm pasture using bermuda as a basis, supplemented with carpet grass, Dallis grass and lespedeza. When a bermuda sod is obtained sow these other seed on the latter part of March and first weeks in April for permanent pasture. It requires long years to build a good permanent pasture and the farmer must work at the job with patience. Lowlands are best suited for pasture.

Hogs. We recommend one or more good brood sows on every farm and attention to feed crops sufficient to reduce bought feeds to a minimum. Special feed and grazing, cowpeas, soy beans, peanuts, rye and rape for fall and winter grazing. Burr clover makes excellent winter grazing for hogs. A permanent pasture with plenty of fresh drinking water for hogs is absolutely essential for year round profit. Remember that purebred hogs mean higher prices and quicker returns from hog raising.

Dairying. Every farm needs two or more good money cows. Cream sales bring in ready cash the year round and five to ten dairy cows will pay the operating expenses of any medium sized farm. Mr. Osborne

Harris with a dozen cows has been shipping cream to Dothan Creamery and clearing from \$50.00 to \$75.00 per month. Milk cows mean richer soils and a steady cash income this year round and if Register of Merit bulls are used, it will be only a matter of a few years when the increase in the herd will pay a handsome dividend.

Poultry.

What a few good milch cows fail to do in the way of keeping the farm expense account balanced, 100 hens to the farm will finish. These hens should be purebreds and should be culled regularly in order to do away with the boarders or unprofitable ones.

Cooperation Among Farmers. We believe that only by co-operative effort will the farmer ever come into his rightful heritage which was intended by the Almighty and so ably aided and encouraged by our national State and County governments.

The idea of cooperation does not simply mean buying fertilizers and selling cotton together but includes these and dozens of other community activities that relate to a pleasant and profitable countryside.

When once the germ of co-operative endeavor takes root in the minds and hearts of people, the darkened walls of prejudice, ignorance, superstition and selfishness are burst asunder, and the new spirit which works for self restraint and for the good of all, grows and grows until everybody knows a new force is abroad in the land.

We need cooperation in our schools and churches, in our district, county and state governments and in the economic growing and marketing of farm products.

Every farmer is urged to join hands with his fellow farmer, as has been done this year in handling 3,000 tons of fertilizer and selling 1,500 bales of cotton and pull for one common cause—that of general community betterment, and when this goal has been reached the wheels of industry will turn with new zeal, business will be good everywhere, and there will be a new house hold throughout our country a happy, prosperous and contented people.

More Reading on The Farm. We believe that every farm and fireside should be the repository for good reading material such as a daily paper, church paper, farm paper and most important of all your home county paper.

Every week the County press of Coffee carries a column written specially for the co-operating farmers in the county, and we should all show our appreciation of this warm co-operation of our County papers by at least by subscribing to them. They are your friends.

Verdict of Not Guilty Is Returned by Jury In Dr. Edwards' Case

Bessemer, Ala., March 29.—Dr. George T. Edwards, charged with slaying his wife, was acquitted by a jury in circuit court here today after deliberating two hours and a half. The verdict of not guilty ended a spectacular legal battle that had raged for nearly four months through two trials, the first of which ended in a mistrial with the jury standing 11 to 1 for acquittal.

The case went to the jury at 10:17 o'clock last night. After deliberating two hours the jury retired for the night. On reassembling this morning a verdict was reached in 30 minutes. Dr. Edwards smiled broadly at the verdict, as his aged father, Colonel J. Litt Edwards, of Selma, threw his arms about his son and exclaimed: "My boy you are free at last!" A demonstration by spectators was checked by Judge Gwin. Each member of the jury was thanked by Dr. Edwards.

The physician indicated that he would go to Selma at once with his father, and then to Montgomery for his two small children, who have been in custody of his mother-in-law.

Children in Selma.

Dr. Edwards' two children, Mary Sue and George, Jr., who have been making their home with Mrs. W. L. Whetstone, 715 South Court street for the past several months, left Sunday afternoon for Selma, accompanied by Howard Edwards, cousin of Dr. Edwards, who called for the children. Mrs. Whetstone is a sister of Mrs. George T. Edwards, deceased.—Advertiser.

New Brockton News.

Aubrey Crumpler died in a Dothan hospital last Tuesday night, March 23rd, and his remains were brought to his home in New Brockton Wednesday. The funeral was held at the Baptist Church here on Thursday.

Aubrey had many friends in this and surrounding towns and country. He was just growing into manhood—only 18 years of age, and was a good church worker. The love and esteem in which he was held was shown by the many beautiful flowers that were presented at his funeral. Brother Johnson, Baptist Pastor, and also Bro. Moore conducted the services. The body was carried to a cemetery near Haw Ridge where it was laid to rest.

He leaves a father, sister and grand-mother to mourn his loss. His loss will be keenly felt by the community, as he had a bright future and would have been a useful man. Weep not father, sister and grand-mother, for your loss is his gain. So now, Aubrey, we will bid thee a last, long and farewell.

Mr. and Mrs. L. C. Cook, Mr. and Mrs. Ex Parker, Mr. and Mrs. S. E. Folsom and Mr. Joe Baker, all of New Brockton, attended singing at Elba Sunday afternoon.

Mrs. Nora DuBose spent Sunday night with Mrs. L. C. Cook. She is also visiting Mrs. Parker, Mrs. Hutchison and Mrs. Don Fuller.

Mr. and Mrs. Jim Martin visited their son, Joe Stricklin, and went fishing last week. Mr. and Mrs. Stricklin spent Friday night with Mr. and Mrs. Martin.

Mrs. Hurst, Mrs. Stricklin, and Mrs. Flowers visited Mrs. L. C. Cook Wednesday.

Mr. and Mrs. Martin spent Sunday with Mrs. Hurst.

Mr. George Say is very sick.

Pea River Power Co. Sold to Subsidiary of Alabama Power Co.

Thursday's Troy Messenger: According to reliable information obtained today, the Pea River Power Co. holdings have been sold to the Gulf Electric Co., which is a subsidiary of the Alabama Power Co.

Judge A. B. Foster, formerly of Troy, is president of the Gulf Electric Co., an organization which has been effected to serve electric consumers throughout the South and Southeastern portion of Alabama.

The Pea River Power Co., which began their operations by building a dam on the river below Elba, has grown to be one of the largest public service corporations in Alabama, serving electric power and have been serving the towns of Troy, Samson, Opp, Kinston, Elba, and Brundidge throughout Southeast Alabama. Gov. Chas. Henderson, of Troy, is president of the Pea River Power Co., and was the man who saw the vision of electrical development throughout this section years ago.

The Gulf Electric Co., according to information obtained, will connect Troy on the circuit which runs through Union Springs, and it is the plan to connect up with Pensacola, Fla., where this concern recently purchased the street railway and lighting system. The plans call for a high-powered wire being run into Troy and a reduction in the minimum rate from the present price of \$2.00 to \$1.00, and it is understood that if proper arrangements can be made savings from the present rates will be effected for the larger consumers of electric power in this city.

The consideration which the Pea River Power Co. obtained for their holdings was not learned, but it is understood that it was a very satisfactory sum.

Judge Foster, who for some time has been identified with the expansion program of the Alabama Power Co., and who is the directing head of the subsidiary purchasing the local plant, is a man who has the confidence and respect of the people throughout this section.

C. A. Simpson, of Troy, is also on the Board of Directors of the Gulf Electric Co.

BAPTIST W. M. S.

Monday being a fifth Monday, the Circles of the Baptist W. M. S. did not all have their regular meetings. The Sallie Boyd and No. 4 circles spent the afternoon visiting and trying to enlist the unenlisted.

The Hattie Comer circle met with Mrs. S. A. Taylor. The Bettie Buck circle invited the Baptist ladies of West Elba to go with them to the dam for a picnic. A most delightful day was spent. About thirty of the Baptist women and Rev. and Mrs. S. A. Taylor enjoyed this affair.

Rev. and Mrs. S. A. Taylor, Messengers W. T. Whitman, W. F. Cooper, C. P. Hay and F. I. Mizell attended the S. E. Alabama W. M. S. Convention at Ozark Friday.

Good Report Made of Child Welfare Work In Coffee for March

Mr. James L. Sibley, Assistant Director of the State Child Welfare Department, of Montgomery, was on a visit Tuesday and Wednesday to Coffee County, where he met with the members of the County Board of Child Welfare and discussed their work in the County.

This board is composed of Judge J. A. Carnley, chairman, Supt. J. E. Hudson, W. H. Ward, of New Brockton, J. C. Donaldson, of Kinston, Mrs. G. E. Lindsey, of Elba, Mrs. L. L. Bonner, of Enterprise, and J. E. Pittman, Enterprise. It is made up of representatives of the county commissioners, county board of education and three public spirited citizens from the county at large.

Miss Dowling made a report to the board for the month of March, and showed that she had visited 139 homes and schools, interviewed 109 persons in making her investigations, and traveled 988 miles. Since coming into the county, she has found it necessary to help a number of families in destitute circumstances in order for their children to continue in school, and has given books, clothing and medicines to the value of \$119.17.

At the close of the meeting, Mr. Sibley congratulated the board of child welfare and the fine work which it was doing in the county, and said that Coffee was one of the nine counties in the state which had recently organized this work.

MRS. TAYLOR ENTERTAINS JUNIOR B. Y. P. U.

Mrs. S. A. Taylor entertained members of the Junior B. Y. P. U. at an Easter egg hunt at the parsonage Tuesday afternoon. A number of games were played previous to hunting the eggs, which were hid on the lawn and around the parsonage. Attractive Easter favors were given to the guests. Mrs. Sam Rowe and Misses Mattie Posey and Hattie Mae and Annie Laurie Bullard assisted Mrs. Taylor in entertaining.

Miss Luna Delle Bryant was a visitor in Montgomery last Friday.

It's been quite a while since I have seen any news from this part of the country published, so I will send a few notes. Everybody seems to be getting well from the "flu" and most everybody had a pretty bad case of it.

This beautiful weather is going line with the farmers. Most all have their land ready for planting, and have already planted their corn.

There was a very large attendance at the birthday celebration Sunday of Mr. H. E. McWaters; it was his 69th birthday. Everybody seemed to enjoy the day fine; had a nice dinner and plenty of it.

Rev. Andrew T. Hickman and wife, from Samson, spent last week with relatives in and around this community.

Mr. and Mrs. C. O. Miller, of Elba, spent Saturday night and Sunday with Mr. and Mrs. Bascom Miller.

Mrs. Rufus Rushing, from near Fairview, spent Saturday night and Sunday with her parents, Mr. and Mrs. John Bowden.

Mrs. Carrie Rushing returned home Saturday afternoon from visiting her parents, Mr. and Mrs. Joe Bowden, of Fairview.

County Agent Warns Cotton Club Members About Planting too Early, And Shows How Early Planting Will Produce Weak Plants

To the boys in the Cotton Club we would offer a word of caution just here about planting cotton too early. This is Tuesday morning, April 7th, and unseasonably cold. Cotton will not germinate in a cold wet ground, and you should wait at least 5 days after it begins to get warm before planting. You might have planted on this date last year and made good crops, but it was considerably warmer this date last year, and if you followed the same practice this year you might not get a good stand, and the stand you would get would be so weak from the cold that most any kind of disease would kill the young plants until later in the season when sure enough cotton weather comes, you would have only about a fourth of enough cotton on the ground and these stalks would be mostly rotten. Good cotton planting weather is when you can sleep without cover. Remember boys, there is not one set rule for farming; we must be guided by the seasons and conditions and use our own mother wit as to the best time and method of doing thousands of things on the farm.

Boy's Pig Club Notes.
J. D. Marsh, of Coffee Springs, a student at the Coffee County High School at Enterprise, was the first boy to get his pig for the 1925 club. One of our good club members, Paschal Brown, had a sow to farrow back in January—a sow that we ordered for him from Meadow Brook Farm in Mississippi, and J. D. bought one of his most promising gilts. Around May 1st we will be able to supply all the members for 1925 with good pigs.

THE ELBA CLIPPER

ELBA, ALABAMA, THURSDAY, APRIL 9TH, 1925.

SUPREME COURT VOTES COVINGTON SHERIFF NOT GUILTY.

Impachment of J. Nat Livings, sheriff of Covington county, failed when the supreme court of Alabama by a vote of five to two Friday acquitted the Covington official of all charges brought by the state through the grand jury of Covington county. The decision of the court was rendered down early Friday afternoon after a colorful impachment trial lasting more than three days. Sheriff Livings was charged in several specifications with corruption in office, permitting the sale of liquor through the sheriff's force, failure to prosecute alleged prohibition violators and settling cases out of court to his own monetary gain. Alleged or confessed prohibition violators were the principal witnesses against Sheriff Livings although several outstanding citizens of Covington stated on the stand they had protested against failure of prohibition enforcement. The defense represented by Powell and Albright made the "little army" of alleged prohibition violators the mark for their five in arguments submitted Friday morning. They held before the court the outstanding and unimpeachable good character of the sheriff, as an offset to evidence of what they termed a "ring of prohibition violators" seeking vengeance for the activity of Sheriff Livings in prohibition enforcement.

ALABAMA NEGRO KILLS MEMBER OF ROBED BAND.

Center, Ala., April 8.—Jesse Pace, 25, cotton mill worker, of Piedmont, Ala., is dead and Will Sharpe, negro, of near Pleasant Gap, in Cherokee county, is in jail here as a result of an alleged attempt by a robed man to kidnap Sharpe from his home last night. Sharpe surrendered today to Sheriff Blair, of Cherokee. According to Sharpe, the man came to his home and demanded entrance. He refused to let him in, and the man shot him when they forced the door of his home. Pace who is thought to have been injured by the shot and carried away by his companions, died later at Piedmont. Sharpe could give no reason for the alleged attack on his home.
